STATEMENT OF STANDARD GUIDELINES:

The following are standard guidelines issued by the City of Flushing for regulating the use of alcohol in specifically designated recreation centers.

1. A duly authorized civic, non-profit organization may apply for a license to sell beer and/or wine in Riverview Park. Said application will be made in writing and addressed to the Flushing City Council, 725 E. Main Street, Flushing, MI 48433.

2. Sale of beer and/or wine shall be made only in individual drinks, not in original packages, or otherwise in bulk, and shall be served for consumption only in a designated area, as outlined, by the applicant, and approved by the City Council.

3. Any area for which alcoholic beverages are to be sold or consumed must be delineated on a scaled drawing. Said drawing shall provide dimensions of the area to be used, along with the location within Riverview Park that the applicant requests to use.

4. A perimeter double fence, at least six (6') feet high and eight (8') feet apart will be required to be maintained around any area in which alcohol is to be sold and/or consumed.

5. Occupancy numbers will be determined by the Flushing City Fire Chief after review of the submitted application.

7. The applicant must make a cash deposit in an amount to cover the cost of required police protection that the city deems necessary to be present at the event. The

deposit amount will be determined by the City Council after a recommendation by city staff is provided.

8. A Certificate of Liability Insurance, from an approved insurer, shall be submitted with the application in an amount not less than $5 million dollars per occurrence.

9. The City Council may impose any other restrictions, as deemed necessary, to protect the public and promote the health and welfare of the Flushing community.
